

PHILADELPHIA

WARRIOR *Writers*

Veterans and Community Conference

Coming Home Through Art and Dialogue

Veterans, family members, artists,
healers, & community

WARRIORWriters hosts this powerful gathering of veterans, artists, supporters, and healers focused on art-making and wellness. It will feature writing and art-making workshops, seminars on how to build healthy relationships between veterans and allies, and discussion panels exploring local support for veterans. Our overall goal is to create space and community for veterans and their supporters to engage in healing and the reintegration process together. Co-sponsored by University City Arts Leage (UCAL).
